

Shaik Balaji Mahammad Rafi

Guntur, Andhra Pradesh | s.b.m.rafi01@gmail.com | +91 7671966605 | Portfolio |  | 

Professional Summary

Computer Science student with a builder's mindset, blending curiosity, code, and *kaizen* to design and create impactful, user-centric systems across Android, web, and data platforms. A Google Cloud Certified professional fluent in Japanese business etiquette who thrives in globally collaborative and cross-cultural development environments.

Experience

Summer Intern, IIT Ropar

May 2025 – July 2025

- Built a full-stack AI system that converts speech into polls using Whisper, LangChain, WebSockets, and dual LLMs.
- Architected scalable, modular microservices within a Turborepo monorepo; developed a real-time analytics dashboard with dynamic visualizations and secured NoSQL database integrations using MongoDB.

ACM Officer, VVIT ACM Student Chapter

Apr 2024 – Apr 2025

- Led technical event management for flagship fest *Spardha* (6,500+ participants) with effective team coordination.
- Managed documentation and communications using Microsoft Suite and Google Workspace tools.

Projects

Shortcut Sensei

Ongoing

Technologies: React.js, Firebase, HTML/CSS

- Developed a quiz-based learning platform with 2,300+ shortcuts, a leaderboard, themes, and fuzzy search.
- Added a community Q&A forum with likes, reposts, and impressions to boost peer learning and engagement.

PySan

June 2025 – July 2025

Technologies: React 19, TypeScript, Vite

- Built a tool to analyze `pysan_packages.json`, showing packages and sizes to find bulky dependencies.
- Provided pip-safe suggestions and dependency insights via a zero-setup, client-side analyzer.

Education

VVIT, Guntur, B.Tech in Computer Science and Engineering

Expected June 2026

- CGPA: 8.92/10.0

Narayana Junior College, Guntur

2022

- Score: 97%

Narayana English Medium School, Sattenapalle

2020

- Score: 97.33%

Skills

Languages: Java, Python, C, JavaScript, TypeScript, HTML/CSS

Frameworks & Libraries: React.js, Node.js, Spring Boot, Express.js

Databases & Cloud: MongoDB, Firebase, MySQL

Developer Tools: Git, GitHub, Postman, Vite, Turborepo, Microsoft Suite, Google Workspace

Soft Skills: Product Thinking, Problem Solving, Team Coordination, Attention to Detail

Certifications

Silver Medal (NPTEL): Japanese Language & Culture I & II, Business Japanese and Business Manner, Cloud Computing, Data Analytics with Python

Google Cloud Data Analytics (Google), Programming in Java (NPTEL), Blockchain and its Applications (NPTEL), Foundations of (UX) Design (Coursera)

Achievements

- Advanced to the Grand Finale, selected from 57,000+ developers, at the **Google Cloud Agentic AI Day 2025**—a Guinness World Record event by Google Cloud, Google for Developers, FI, and Hack2Skill.
- Recognized with the **Best Class Representative Award**, formally presented by the Principal on Dec 31, 2024, for exemplary leadership and dedicated service to the student community.
